## FLEXIBLE HIGH CUPBOARD SOLUTION WITH WALL ELEMENTS IN WOOD AND STONE.

---

WALL is a handle-free tall cupboard system with numerous design options that integrates discreetly into the room's architecture and overall appearance.

A choice of revolving doors, pocket doors, folding doors and flush sliding doors is available, allowing for a wide range of options when designing the interior fittings. When closed, the tall cupboard becomes part of the wall and has a minimalist, tidy look. The fronts themselves come in three different edge designs to match the floor unit systems of WALLBASE, MODUL, PURE, SLIM and ROCK. WALL is also available with a natural stone surface up to 245 cm in height.
