### STEININGER - DESIGN, QUALITY & INNOVATION FROM AUSTRIA

---

STEININGER does excellent work in several respects. Not only the furnishing creations of the Upper Austrian company convince with their elegant minimalism and perfect function - expert juries also awarded no less than three prizes to STEININGER: the GERMAN INNOVATION AWARD, H&D AWARD and the INTERIOR DESIGNER INTERNATIONAL AWARD.

#### AWARDED INNOVATION: FOLD WINS THE GERMAN INNOVATION AWARD

Small details can have big effect - they create added value, change the user's life unobtrusively but often sustainably. The German Innovation Award honours all this. The renowned jury focuses on user orientation - here, solutions from a wide variety of industries are awarded that focus on improving life and helping to shape the user's personal future. This is a standard that every single creation from STEININGER sets for itself. The German Innovation Award obtained for the new FOLD kitchen model with the M.POD high-tech surface in the category „Excellence in Business to Consumer“ shows that this claim has been met.

#### AWARDED FUNCTIONALITY: H&D AWARD FOR TONI MÖRWALD'S „HOTEL AM WAGRAM“

For the 8th time, the Hotel&Design magazine awarded the only Austrian specialist media prize for the upscale hotel and catering industry in connection with architecture and design. The interior design of the PURE kitchen at the Hotel am Wagram/Feuersbrunn by Martin Steiningger was voted the winning project in the category „Kitchen Design“.
